#### GENERAL FIELD TRIP PERMISSION

## General Field Trip Permission

Please review the details below, select Yes or No, and sign this permission form.

Child full name

Our field trips extend play-based learning into the community. Children explore nature, discover new places and practise social skills with friends. Activities reflect the children's ages, interests and developmental needs.

### Summer field trips and community destinations

Summer programming may include community adventures, cultural experiences, nature exploration and recreation. Local walks and library visits may also take place throughout the year. Destinations may include:

- Local parks and green spaces — outdoor exploration, nature walks and active play.
- Millennium Place and Kinsmen Place — community recreation and age-appropriate activities.
- Edmonton Valley Zoo — learning about animals, habitats and caring for the natural world.
- Royal Alberta Museum — exploring history, science and cultural exhibits.
- Ukrainian Village — discovering heritage, traditions and community history.
- Strathcona County Library — books, stories and opportunities to develop a love of reading.
- Cineplex Sherwood Park — age-appropriate movie experiences as part of planned programming.
- Edmonton downtown library — exploring books, literacy activities and library learning spaces.

### Transportation, supervision and trip information

Children may travel on foot, in a centre vehicle or by a chartered yellow bus, depending on the destination. Staff provide appropriate supervision, check attendance before and after travel and during activities, and carry emergency contacts, first-aid supplies and a phone. Transportation and restraints must meet applicable requirements.

Trip length varies by destination and activity. Families will receive the destination, date, departure and return times, transportation method, supervision arrangements and any clothing, supplies or costs to prepare for the trip in advance. Plans may change because of weather, availability or children's needs. Additional trip-specific permission will be obtained when required.

### Emergency arrangements and parent permission

Staff will call 911 when urgent assistance is needed, notify guardians and use the alternate emergency contact if guardians cannot be reached. Necessary information may be shared with responders. Please keep contact and medical information current.

I authorize my child to participate in the field trips described above, with trip information provided in advance: ☐ Yes ☐ No

This permission applies during enrolment unless changed or withdrawn in writing. Discuss any limits or support needs with the director before participation.

General field trip permission signature (☐ Guardian 1 ☐ Guardian 2)

Date (YYYY-MM-DD)
